Hi Nani, we love and miss you and think of you often. I am grateful to of had you as my grandmother. You brought alot of joy into our lives through your preferences and particularities, as these made you the unique and memorable woman you were.I'll always remember going to visit you and Papa as a young boy at your large home for the holidays and sharing Thanksgiving or Christmas meals and presents with the family.My brothers and cousins loved to go up into your spare bedroom and play video games while the parents and adults were visiting. I'll never forget that comfortable blue chair that we loved to sit in while we were there.Some of my favorite memories of you were when you shared memories of your childhood, the hot dog story with your sister and the memories of spending time at your family farm growing up. Always a great time to hear you speak and reminisce about the 'good ole days'.I hope you, Papa and Uncle Bob are enjoying each other's time together and we can't wait until we see you again when we join you on the other side.Sending you love, laughs and fond memories,Missing you,Always your grandson,MatthewMatthew Duplessie
