Grandma, I want to thank you for all the wonderful memories. I will always think of all the great times we had. Your wings were ready before our hearts were. I wish you could have met your great grandson Benji. But we will make sure he knows everything about you, through our pictures and family videos. Grandpa will also be taken care of. Our lives have been forever changed, but we will try our hardest to be strong, I love you so much grandma. "Now she flies with the butterflies"
