Judy was my partner-in-fun-times in her third grade classroom. We laughed while co-teaching often enough that the students would ask us what was so funny. She constantly expressed caring for the whole being of the children in her care along with colleagues like me. Judy shared her hard-won wisdom with me freely, and I treasure the many talks we had. Her cleverness, open-mindedness, and essence-seeking made her magnetic, truly honest, outspoken and always a great time. Judy complimented me highly by suggesting that I reminded her of Janis Joplin. I hope that Judy finds Janis in heaven and gets a front row seat to the ultimate concert of hardcore girl power rock and roll! Much love to all of Judy's family in this loss of a truly great woman.

Tracy, We are so very sorry for your loss, I remember your Mom loving great country music as much as we do, and all the fun times going to concerts, her love to travel, and always having a smile on her face. I know your Mom will be remembered fondly by so many, because she was so well loved, by so many... I know your heart is heavy now, but as you continue to honor her by remembering all the wonderful memories you created, please know that your mother created you and raised you to be the wonderful woman you are today. All the wonderful traits that made Judy so special live within you, and I'm sure she is smiling and so proud of the wonderful job she did raising such a special daughter! Love you lots, Toots! 🍀🍀🍀🍀🍀🍀

Traci, I loved your mom more than I can say. She was so much more than a cousin. We always had each other to laugh, enjoy an off color joke, drink, cry on each other's shoulder. I can't imagine your loss, but I can tell you I so much want to pick up the phone and call her, but I can't. Will miss her forever. Dennis
