Frazier Family. My deepest condolences are with you and your family at this time. I have known all of you my entire life, thinking back to my childhood I can remember multiple times at your house and I always reflect on how amazing your family is. George and Gwen did an excellent job of raising an amazing family and I feel that George's influence over your family had a lasting impact on my life as well. George always had an amazing influence on the community and I will never forget him. When the Browns win a SuperBowl, I will know that George is looking down on all of us smiling. My thoughts and prayers are with all of you at this time. I have always loved your family, and I know that the strong bond that you all have will allow you to get through this challenging time together! George was a very devoted man, and he is now home with the lord! While I unfortunately will not be able to see you all at this trying time, I know that I will run into some of you again. I will have a hug waiting!
