It's amazing how much you learn by reading an obituary. I attended school with Ms. Jackson's children as well as my sister. Which brings me to my next point. Ms. Jackson was always so pleasant to my son when he would come into convenient with his grandfather to the point when she would ask about my son if she did not see him. Then we found out we lived right around the corner from her. They had a connection of friendship the first day they met at convenient. Wonderful woman she will be greatly missed. May God bless you and your family!
