Bridgett, thank you for being my friend. When we met, I was at a really low place in my life. Your kindness and positivity helped me find my way out of the dark. I will always be grateful and thankful for you, and for the Lord letting our paths cross. Although we are left with a huge void in our lives, I find peace in knowing that you are in paradise..free of pain and all other burdens, and that you are waiting for those you love,to join you. My prayer is that your family can find peace in that as well, and that the love you all shared will be their guiding light and reassurance. I know you are with them wherever they go and whatever they face, but please remember to send them reminders of that..especially when they need it the most. Fly high, sweet girl! You are so loved
