I am very sorry to only be hearing about this now, I was a friend of his in high school, Mary Ryan academy. I had hoped to become a mechanic and work on cars with him some day, and I while I may not be able to do that, I will always remember the silly jokes and pranks he would play on the history teacher, and how me and him would always get into trouble whenever the teachers werent looking. I dont know if he ever talked about me, but I have very fond memories of him and will cherish them always.
