I used to work at the Heritage Fresenius Dialysis center and David just popped into my mind. I was saddened to see that he passed away, however I feel very fortunate to have known him. He was always the brightest part of my workday - I loved bringing car magazines to work and looking through them with him to find the Vettes.

From the day I started at his dialysis center David always smiled and waved at me. I so enjoyed taking care of him and looked forward to all his hugs and little jokes he would play on me. He is so missed by everyone. May he rest in peace, thoughts and prayers to his family.
