I only recently learned of Sheri's passing. I was privileged to work with Sheri at the Lorain County Free Clinic in Oberlin. She was such a wonderful lady and she taught me so much about the Free Clinic. I am an RN but I was brand new to volunteering for a clinic when I started there in 2005. Sheri was there to help me get acclimated and learn the ropes. When she stopped coming to the Oberlin office I really missed her and often thought about what a very special person she was...one who had so much knowledge that she imparted to so many. My heart goes out to all her family and I know that she will be greatly missed.

I worked with Sheri at the Oberlin office of Lorain County Free Clinic for several years. She was a delight to be with and she knew more about running a clinic and medical protocols than anyone I had ever worked with. She was just an amazing, extraordinary lady and I loved spending time with her. My heart goes out to her family and all those who worked with and loved her. She will be greatly missed, but the wonderful work she did, always helping others and passing on her knowledge to so many, will go on.
